

# MERCHANT SERVICES

## Are You Ready to Simplify Payment Processing?

Efficient payment processing can be the most effective way to grow and manage your business. Whether you accept payments in person, online, or on the go, we have the solutions for your merchant service needs. Your business will receive all of the technology needed to start accepting credit and debit cards.

- **Saves Time:** Accept payments for credit cards, debit cards, and mobile wallets with versatile card readers.
- **Convenience:** Enable online payment processing for highly integrated e-commerce systems or even the most basic storefronts.

## Use Merchant Services to Drive Growth and Improve Business Efficiency.

- Expand payment acceptance options to increase sales and revenue.
- Simplify financial processes, reducing the administrative burden of check processing.
- Protect business and customer data for peace of mind.
- Improve cash-flow by collecting payments faster.

### DID YOU KNOW?

Merchants can save up to 90% on processing fees.
